# SOFTWARE DEVELOPER

As a Software Developer, you will work within the risual Managed Services (rMS) division to deliver technical solutions and support to clients allowing them to maximize their investment in technology.

## Specific Role Requirements and Experience

Technical skills:

- Experience with configuration management and automation technologies such as Azure DevOps
- Deep expertise and hands on experience with Web Applications and programming languages such as Microsoft Stack - .Net C#, Front-end - JavaScript Frameworks, Back-end - RESTful services, API, Azure Cloud Development
- Working knowledge with AGILE development, SCRUM and Application Lifecycle Management (ALM)
- Very strong generic coding skills (OO design, Design Patterns, Clean Coding, Testing Techniques)
- Passion for problem-solving, readiness to take ownership and drive solutions to problems

Non-technical skills:

- Passion for problem-solving, readiness to take ownership and drive solutions to problems
- Building client/partner relationships.
- Proven track record of driving decisions collaboratively, resolving conflicts and ensuring follow through.
- Working with customers onsite when required

## Technical Expectations

- To keep cloud computing technologies and emerging computing trend knowledge up to date
- Achieve specialised cloud-based exams that are relevant

## Essential Criteria

To be successful in the role, you must be able to demonstrate the following skills and experience:

- Must hold or be able to successfully achieve and maintain NPPV3 with SC.
- Able to evidence excellent customer service skills.

## SFIA

At risual we use the Skills Framework for the Information Age as our skills framework. This is made up of 7 levels of responsibility and more than 100 individual skills. More information can be found on the SFIA website. This role is expected to be a SFIA Level of Responsibility 4.

## Want to apply?

If you like what you see and want to apply, please email [careers@risual.com](mailto:careers@risual.com) with a covering letter and your CV. One of our talent specialists will be in touch to discuss further.
